

SG Pedestal Series

Superior Durability Surpassing Industry Demands

Pedestals are new to the Inventronics product line. Designed specifically to better withstand environmental conditions, Inventronics' specialized **CORR II™** process ensures that each pedestal is durably constructed and finished with an exceptional quality polyester powder coating. Doors and covers are secured using industry-standard stainless steel butt hinges.

For over 25 years, Inventronics has served the Canadian and U.S. utility and communication industries. We remain on the forefront of manufacturing, and utilize technologies and design to best meet the evolving requirements of the telecom, cable and power industries. Our pedestals stand out for consistent quality, low maintenance, and rugged, yet practical design.

**Durable
construction**

APPLICATIONS:

- Permanent residential, commercial and industrial enclosures for new and existing developments
- Designed for urban and rural locations
- Install-ready for telecom, power, cable and utility specifications
- Termination, splicing and loading of buried wire and cable

FEATURES OVERVIEW:

- All pedestals are constructed with fourteen gauge-galvanized steel and incorporates Inventronics' **CORR II™** process to make each pedestal look great and last longer
- Polyester powder coating protects all outer surfaces
- Tamper resistant latches secure all doors and covers
- Ground bar assemblies
- Easily concealable and available in any colour including seafoam green, utility grey, and black

**Low maintenance
or replacement**

Ground bar assemblies

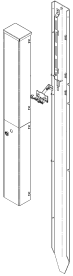

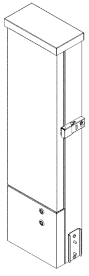

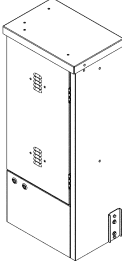

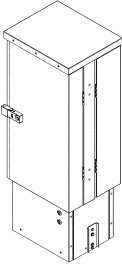

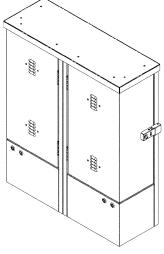

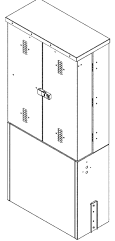

**Install-ready
for telecom and cable**

World-Class Manufacturer and Designer

Inventronics is a world-class manufacturer and designer of custom enclosures. We have built a reputation as a high quality, value priced long-term supplier to the telecommunications and electronics industries' largest OEM's, and to a growing number of power, cable TV and utility leaders. Many of Inventronics products comply with NEMA, IP, CSA, UL, Telus and Telcordia requirements as part of our approved standards, and we are ISO 9001:2000 Standard certified.

*Tamper resistant latch
ensures security*

| PRODUCT | KEY FEATURES | OVERALL WIDTH | OVERALL DEPTH | OVERALL HEIGHT |
|--|---|---------------|---------------|----------------|
| SG - 1 Stake pedestal with lift-off cover  | <ul style="list-style-type: none"> ■ Lift-off covers ■ Load coil mounting bracket ■ Ground bar assembly ■ Ground stake ■ Treated and finished with the Inventronics' specialized CORR II™ process | 5 1/2 in | 3 1/2 in | 72 in |
| SG - 2 Single-door pedestal cabinet  | <ul style="list-style-type: none"> ■ Single lockable door ■ Two 16 gauge stainless steel butt hinges ■ Tamper resistant latch ■ Load coil mounting bracket ■ Ground bar assembly ■ One 3/4 inch backboard ■ Ground stakes ■ Treated and finished with the Inventronics' specialized CORR II™ process | 13 in | 6 7/8 in | 48 in |
| SG - 3 Single-door pedestal cabinet, dual mounting brackets  | <ul style="list-style-type: none"> ■ One lockable door ■ Two 16 gauge stainless steel butt hinges, per door ■ One tamper resistant door latch ■ Ground bar assembly ■ Two 3/4 inch backboards - one rear mounted and one side mounted ■ Ground stakes ■ Treated and finished with the Inventronics' specialized CORR II™ process | 17 3/4 in | 12 1/2 in | 42 in |
| SG - 4 Two-door pedestal cabinet, pair cable capacity  | <ul style="list-style-type: none"> ■ Two lockable doors ■ Two 16 gauge stainless steel butt hinges, per door ■ Two tamper resistant latches ■ Load coil mounting bracket ■ Ground bar assembly ■ One 3/4 inch backboard ■ Ground stakes ■ Treated and finished with the Inventronics' specialized CORR II™ process | 18 1/2 in | 15 1/2 in | 49 in |
| SG - 5 Two-door pedestal cabinet, suited for telecom cross connect  | <ul style="list-style-type: none"> ■ Two lockable doors ■ Two 16 gauge stainless steel butt hinges, per door ■ Two tamper resistant door latches ■ Ground bar assembly ■ Four 3/4 inch backboards - two rear mounted and two side mounted ■ Ground stakes ■ Treated and finished with the Inventronics' specialized CORR II™ process | 35 in | 12 1/2 in | 42 in |
| SG - 6 Two-door pedestal cabinet, suited for telecom cross connect  | <ul style="list-style-type: none"> ■ Two lockable doors ■ Three 16 gauge stainless steel butt hinges, per door ■ One tamper resistant door latch ■ Ground bar assembly ■ One 3/4 inch backboard ■ Ground stakes ■ Treated and finished with the Inventronics' specialized CORR II™ process | 33 in | 15 1/2 in | 73 in |
